

Real World Learning...Safe Environment (Everfi)

EVERFI is leading education's evolution and redefining the way learners approach the world. They empower teachers, citizens, and students to improve their lives and make an impact in their communities. Everfi activate today's most sought after skills in dynamic, incentive-driven online environments. Their critical skills courses are catalyzing comprehension, retention, and behavior change while fulfilling the need for scalable education in an ever-changing world.

From kindergarten to retirement, we know it is the progress of individuals that moves society forward. EVERFI's engaging, effective and research-backed online education curriculum is designed to do just that. By connecting education to the real world, we're making sure your learners are set-up for success in the 21st century.

EVERFI's health and wellness resources teach students to make healthy choices in a safe environment. The choices we make and the habits we form while we are young become the foundation for the lives we lead as adults. When students practice making healthy decisions in a safe environment, they are more prepared to make them in the real world.

EVERFI partners with sponsors nationwide to offer interactive, online health resources to K-12 schools **free** of charge.

Course Features:

- Evidence-informed curriculum.
- Designed for the standards you need to teach.
- Relatable scenarios in real-world contexts.

Why Everfi:

- **EverFi** is an education technology company to teach, assess, badge, and certify students in critical skills needed for life.
- **Everfi** offers teachers and students virtual courses on life skills topics such as financial capabilities, diversity and inclusion, career leadership and success, STEM, and health and wellness.
- Teachers use **Everfi** by going to the website and filling out a teacher profile.
- Both students and teachers need accounts to access the interactive modules.
- Students can work at their own pace, but guidelines need to be set by the teacher.
- **Everfi** allows students to see their score immediately after completing a quiz and students can retake a quiz to improve a failing score.
- No teacher grading, quiz scores are visible on the teacher computer for each module/course completed.
