

Kid Friendly Tailgating
2017 Share the Wealth Conference
Peter St Pierre (pstpierr@kennesaw.edu)

Rules for each game are written on separate sheets that can be placed near each game.

| <u>Activity</u> | <u>Equipment</u> |
|---|---|
| <u>Cornhole</u> | 1 cornhole set |
| <u>Floor Pong (bucketball)</u> -Set up 2 ends of 6 in a triangle. Remove buckets when "in" | [12] buckets, [4] beanbags or [4] tennis balls |
| <u>Table Pong</u> -Set up a triangle of 6 cups on each end of the table. Remove cups when a bounced ball goes in. | [5] table tennis balls (for cup pong) |
| <u>Table tennis -</u> | Portable net and paddle set (@\$15 at Dick's or Amazon), and any table |
| <u>Can Jam</u> | [2] Frisbee, [2] large buckets/trash cans. Or an official Kan Jam set |
| <u>Washers</u> | (6) 2" washers, See the Internet for "DIY Washers set" to build your own boxes cheap. |
| <u>Spikeball</u> -First contact is a catch, then toss to partner for a spike | One set |
| <u>Ladderball</u> | 1 set |
| <u>Tic Tac Toe</u> | [9] hula hoops, [10] beanbags, [5] each of 2 colors |
| <u>KUBB</u> -I used 4x4 post and cut it into the correct size pieces. 1.5" dowel. | (6) 12" dowels, (10) 8" small targets, one 15" king target |

Beanbag skeeball (Skeebag?) -

-Set up a hula hoop, then a smaller hoop right behind it with a bucket inside at the back edge. Throw 10 beanbags to get highest score.

Points: hula hoop (10), smaller hoop (25), bucket (50)

Polefish

[2] stands with "bottles", Frisbee

-I bought 1.5" dowel at Home Depot and cut it to 4' lengths. A small piece of plastic can be held with a flat thumbtack to balance bottles. The dowels fit nicely in large cones. Poles can also be fabricated from PVC.

Cornhole / Baggo

One partner at each end.

Team that scored last throws first.

Alternate throws.

Scoring:

On board = 1 point

Through hole = 3 points

**** Points “cancel”. Example: If each player has 2 bags on the board then no points are scored.**

Play to 21 points, but must hit 21 exactly. If you go over then your team goes back to 11.

Floor Pong

Tennis balls or Beanbags

Two partners on each end.

Set up two triangles of 6 buckets with no space between.

Bounce tennis balls (toss beanbag) into buckets. Each partner plays one object per “end”.

If successful the bucket is removed from play.

First team to remove 6 buckets wins.

“Table” Tennis

Singles or doubles.

Use any available table and a portable net, or even a line of tape in the center.

Serve must be dropped onto serving side court, then hit into opponent’s court to be legal.

After a legal serve the ball must bounce each time it passes over the net before being returned.

Serve 3x, then switch server.

Play to 11 points.

Can Jam

Official Kan Jam, or any clean receptacles 😊

Four players. One partner on each end and two Frisbees .

One player throws Frisbee and teammate “helps” it into the can.

Scoring:

Redirect into can= 1 point

JAM into can (straight down) = 3 points

Hit the can = 2 points

**** in the official Kan Jam a Frisbee thrown through the slot = Instant win**

Play to 15

Washers

Singles or doubles. One partner on each end.

Toss washers alternately. Player scoring last points tosses first.

Scoring:

Washer in the box = 1

Washer in the "cup" = 3

Washer leaning against cup = 2

Play to 15

Spikeball

Four players.

My rules to encourage longer rallies:

- 1. Serve is thrown with moderate force into the net toward opponent opposite.**
- 2. Receiver catches the ball and may hold for up to 2 seconds then “set” their partner who will strike the ball into the net or strike back to partner.**
- 3. After any strike into the net the first ball may be caught, held for 2 seconds then set.**

KUBB (KOOB)

A Viking Game

Two teams of 2-3 players. Each team stands behind a line where their target KUBBs are set up (defined by corner posts).

One team starts the game by tossing 6 dowels attempting to knock over opponent's KUBBs. Any KUBB that is knocked over is removed from the game.**

****must be tossed underhand, no helicopter**

Once a team knocks over all their opponent's KUBBs they then attempt to topple the King KUBB in the center.

**** If the King KUBB is toppled before all opponent's KUBBs are knocked down the team that hit it loses immediately.**

The true version of this game is much longer and keeps all of the small KUBBs in play. Check the Internet for video of KUBB competition.

Polefish

4 players, two partners working together on each end.

One player throws a Frisbee attempting to knock over the bottle at the opposite end. Frisbee may hit the bottle or pole.

The opposing team attempts to catch the Frisbee and the bottle (if the bottle or pole is hit).

Scoring:

1.Frisbee hits the ground = 1 point

2.Bottle hits the ground = 2 points

3 total points may be scored on each end.

The Frisbee may hit the pole, but must be at least 24" off the ground to be legal.

Beanbag Skeeball

Singles or doubles

Throw 10 beanbags, count total score.

Play as many rounds as you like and add them up, or just compete for high score.

Scoring:

Large hoop = 10

Smaller hoop = 25

Bucket = 50

Tic Tac Toe

Two players, each has 5 of the same color bean bags.

Alternate throws, and alternate the player starting each game.

Table Pong

Singles or doubles. Partners on same end.

Set up 6 cups in a triangle with point facing opposite end of table.

Each player at an end bounces a ball one time attempting to land it in a cup.

If a ball lands in a cup, the cup is removed from the table. When all 6 cups on one end are removed the game is over.

Ladder Ball

Singles or doubles with one partner at each end.

One player at each end throws all 3 bolas then opponent throws their bolas. Any toss is legal, including off the ground.

Scoring: First player or team to score EXACTLY 21 points.

Top rung = 3 points

Middle rung = 2 points

Bottom rung = 1 point

A bonus point may be earned by hanging all three bolas on one rung or one on each rung.
