### Activities for Grades 4 and 5

- **Team Tag-** Students are divided into 4-6 teams. Each team has a different color tagger (foot long swim noodles). If you get tagged, you are “out”. A team mate that is “in” can tag an “out” player back in. Play is continuous until one team remains.
  
- **Take Me Home-** Students are divided into 4 teams. Each team has a different color. The playing field is divided into quadrants. Each quadrant contains a bean bag from each of the opposing 3 teams and a holding area for tagged players (hula hoop). The object of the game is to get your bean bag from all of the opposing teams back to your quadrant. If you get tagged you have to go to that team's holding area. A team mate can tag you back into the game. First team to get all of their bean bags wins the round.
  
- **Take Me Away-** Same as Take Me Home except each team starts with their color bean bags. The object is to get one of each opposing team's bean bags. If a team brings back 2 or 3 bean bags of the same color the game outcome will drastically change.
