After presenting at Share the Wealth for over 22 years, I am presenting a session on the little ones. After retiring from teaching, I found myself substituting at a church pre-school and working with the threes and fours at Vacation Bible at my church. Music is still a big part of my program which walks hand and hand with movement.

I hope this session will help you with the little ones.

1. Pathways with Noodles

2. Balancing with Noodles

3. Flowers and Body Parts

4. Popcorn Buckets

5. Body Pretzels

6. Noodle Sticks
